Configuring Mac Address Book to search AKO White Pages (revised 21 FEB 11 by Mike Danberry)

The following method outlines a way in which you can configure the built in Address Book function on your Mac to Search the AKO White Pages Directory. In my tests, it works great on Snow Leopard (10.6.6), but did not work in Leopard (10.5.8)

- 1. Open Address Book (Finder Applications Address Book)
- 2. Select the "Address Book" drop down menu and click on Preferences.
